SUMMARY

Senior Product Designer with **5+ years** shipping digital products across **fintech, energy, and B2B SaaS**. I specialise in the infrastructure layer — **design systems and DesignOps** that let teams move fast without breaking consistency — and in turning complex, compliance-sensitive domains into clear, usable interfaces.

EXPERIENCE

May 2026 – Sep 2026 Remote	Product Designer PGWay · Fintech / Payment gateway - Product design and design system ownership on a global payment gateway serving 150+ payment methods. - Onboarded fast into a complex, compliance-sensitive domain; shipped end-to-end design on merchant-facing flows.
Apr 2023 – Mar 2026 Germany · Remote	Product Designer TWNTY Ventures · Agency — clients: priWatt, Mission Zero, Tilray - Built and maintained a company-wide design system from scratch — cut component build time by 60% and removed UI inconsistency across 3+ products. - Led the priWatt design system from agency brand book to production: three-tier token architecture (Token Studio), type scale, responsive grid, component library — 75% faster design-to-dev delivery. - Owned backlog refinement, handoff optimisation, and design-engineering workflow tooling (DesignOps).
Jan 2022 – Aug 2022 Spain · Remote	Product Designer (part-time) Natanek Iberia S.L · Logistics / CMS Owned the full design of a data-heavy dashboard: analytics overviews, reporting charts, and user management flows.
Jul 2019 – Jan 2022 Remote	UX / UI Designer Upwork · Freelance Product and interface design for international clients — wireframing, prototyping, and design delivery in Figma.
